

Azure Tech Groups - Group Leader October Communication

Date: October 2020

Hello Azure Tech Groups leaders!

2020 has been quite a year so far and we are so grateful to each of you for your commitment to your groups and communities. Here are some updates, interesting finds, and resources for you to use and share with your members.

Program Updates

In our quarterly call a few weeks ago, we shared changes to the program that are rolling out very soon. If you missed the quarterly call, you can [watch](#) the recording or [view](#) the deck to get all the details.

In that call we mentioned you should look for launch information in the coming weeks. We are finalizing all the details and each of you should expect an invitation email very soon. As a reminder, you must complete the new enrollment process within 30 days of receiving your invitation for your group to remain in the program.

We are excited to connect with you in the new Azure Tech Groups Leaders Hub and hear all your great ideas for growing this community and providing you with the support and resources you need to be successful.

Interesting Finds

- [Check out new data science Learn modules inspired by the Netflix Original Over the Moon](#)
