Azure Tech Groups – Leaders Hub is moving

Don't worry, we're not going far. We are moving from a Community Hub to a Group Hub in early May which will simplify engaging with other community members and streamline access for new members. We'll try to shift everyone to the new Hub, but in case that doesn't happen, keep an eye out for an invite in the next week. Bookmark the new Group Hub today.

News and tips from Meetup

Did you know that Meetup collects feedback from your attendees? That's right! After attending an event on Meetup, members are invited to share a rating on a 5-star scale and can choose from a list of follow-up responses. This can be a great resource for you and your leadership team to ensure the events you're hosting resonate with your community. Find out how to view the feedback summary of your Meetup events here and learn more on how members can share feedback about a Meetup event here.
